AGENDA

European SQLAdria Seminar

Hotel Ivan, Šibenik, Croatia
10th – 14th June 2018

z/OS track

LUW track

One day seminar

Sponsored by:

June 10th 2018 Sunday - CA Sponsored Day

15:15 - 15:30	Introduction	
15:30 - 16:30	CA Technologies Mainframe Solutions	Steve Thomas
16:30 - 17:15	CA DB2 Tools r20+: What's cooking in the Lab?	Philippe Dubost
17:15 - 17:30	Break	
17:30 - 18:00	The Self-Driven Datacenter – will Augmented Intelligence and Automation provide the keys?	Tom Juhl
18:00 - 18:30	What's new in CA – MfaaS	Denis Tronin
18:30 - 19:15	New DB2 solution – DB2 Analytics	Steve Thomas
19:15	Q & A	

June 11th 2018 Monday - Day 1 – z/OS track

09:00 - 09:30	Why IDUG	Surekha Parekh
09:30 - 10:30	IBM Database Management Systems: Trends and Directions	Chris Crone
10:30 - 11:30	Db2 11 and 12 SQL - new SQL enhancements	Chris Crone
11:30 - 11:45	Break	
11:45 - 13:00	Db2 for z/OS Modern application: Watson, ML, REST, Spark and more	Jane Man
13:00 - 14:00	Break	
14:00 - 15:00	Db2 Analytics Accelerator Integration Scenarios	Eberhard Hechler
15:00 - 16:00	A Handful of Application Development Goodies in Db2 12	Emil Kotrc
16:00 - 17:00	XML – Exploiting new enhancements in Db2 V11 and V12 for z/OS	Jan Marek

June 12th 2018 Tuesday - Day 2 – z/OS track

09:00 - 10:00	Db2 and IBM z Systems Synergy	Chris Crone
10:00 - 10:45	Db2 Application Performance – Is It Really Important?	Željen Stanić
10:45 - 11:45	Feedback and Profiles - is it a dream?	Steve Thomas
11:45 - 12:00	Break	
12:00 - 13:00	Db2 Analytics Accelerator V7 Technical Deep Dive	Eberhard Hechler
13:00 - 14:00	Break	
14:00 - 15:00	Db2 for z/OS XML, JSON, and Spatial use cases in web/mobile environment	Jane Man
15:00 - 15:45	Beginning with Java and Java Stored Procedures in Db2 for z/OS	Jan Marek
15:45 - 16:30	DSNUTILU for fun and profit	Emil Kotrc
16:30 - 17:00	Mainframe as a Service: Sample a Buffet of IBM zOS Platform Excellence	Tom Juhl

June 13th 2018 Wednesday - Day 3 – z/OS track

09:00 - 10:00	BUILT-IN Functions - I didn't know Db2 could do THAT!	Steve Thomas
10:00 - 11:00	Get Cozy with Db2 for z/OS REST Services	Denis Tronin
11:00 - 11:30	Break	
11:30 - 12:30	All about Triggers	Steve Thomas
12:30 - 13:15	Hybrid Data Management and z-based Analytics	Les King
13:15	Panel Discussion	

June 12th 2018 Tuesday - Day 1 – LUW track

09:00 - 09:45	Db2 11.1.3.3 Update and Roadmap	Les King
09:45 - 10:45	Big SQL, Spark, Hortonworks and Open Source Update	Les King
10:45 - 11:45	Getting Started with DB2 pureScale	Kelly Schlamb
11:45 - 12:00	Break	
12:00 - 13:00	What's new for pureScale and availability in DB2 V11.1	Kelly Schlamb
13:00 - 14:00	Break	
14:00 - 15:00	DB2 LUW Best practices in 2018	Cristian Molaro
15:00 - 16:00	DB2 LUW SQL tunning for high performance and concurrency	Cristian Molaro
16:00 - 17:00	Rapid Db2 deployment with Docker and Kubernetes	Mark Murnane

June 13th 2018 Wednesday - Day 2 – LUW track

09:00 - 10:00	Hybrid Data Management - New Announcements and our 2018 Strategy	Les King
10:00 - 11:00	Deploying Db2 in Your Own Private Cloud	Kelly Schlamb
11:00 - 11:30	Break	
11:30 - 12:30	Using Db2 with REST APIs	Mark Murnane
12:30 - 13:15	Practical DB2 Performance	Cristian Molaro
13:15	Panel Discussion	

One Day Seminar
June 14th 2018 Thursday

June 14th 2018 Thursday – One Day Seminar – LUW track

09:00 - 16:00	DB2 Performance workshop	Cristian Molaro
